**B.A. in Philosophy**  
**Metropolitan State College of Denver**

**Section I: Degree/Program Requirements**

A. Institutional graduation requirements for this degree program.

The graduation requirements for a transfer student pursuing this major will be no different than the graduation requirements for a native student, including the minimum number of semester hours required for graduation. Specifically, the student must meet the following requirements:

- Successfully complete at least 120 credit hours;
- Successfully complete the required 36 credit hours in the major;
- Successfully complete the required 21 upper-division credits in the major;
- Successfully complete a minor of at least 18 credit hours (some courses in the minor may be taken at the community college); and
- Successfully complete at least 40 upper-division credit hours.

B. Required courses in Major, including pre-requisites and required Support courses in the chart below:

**COMMUNITY COLLEGE REQUIRED COURSES:** Required courses to be taken as part of AA/AS degree to guarantee the completion a baccalaureate degree in 60 additional credits after transfer. List required courses here.

## Section II: Transfer Of Credit

- A. Grade Eligibility.  
Only academic courses with a letter grade of "C-" or better are transferable. The four-year institution will accept and count toward meeting graduation requirements all state guaranteed general education courses that have a grade of C- or better provided the general education distribution is followed.
- B. This institution accepts scores of 3 and above on advanced placement tests and scores of 4 and above earned on international baccalaureate tests. Students should check the AP/IB tables in the MSCD *Catalog* for information on the credit that will be awarded.
- C. The four-year college or university will accept all approved credits earned within ten years of transfer. Courses earned more than ten years earlier may be evaluated on an individual basis.
- D. The institution may apply a state guaranteed general education course toward the major or other graduation requirements if that facilitates the student's graduation more effectively.
