Instructions

Submit the following three (3) items to the Immunization Office:

1. This cover sheet, with printed responses to all required fields (*printable from the Immunization web site listed below*), <http://www.mscd.edu/student/resources/health/immunization.htm>
2. A copy of your proof of immunization documentation and
3. A signed copy of the mandatory meningococcal disease information sheet indicating your decision to voluntarily receive or not receive meningococcal vaccination (*printable from the Immunization web site.*)

Either mail or hand-deliver this information as indicated below:

1. Mail to: Auraria Immunizations Office, Campus Box 15, P.O. Box 173362, Denver, CO 80217-3362
2. Deliver documents in person by dropping them in the blue immunization drop box outside of the Health Center located in the Plaza Building, room 150. Make sure documents are in a sealed envelope.

Authorization: My signature below affirms that all of the information provided is accurate. I authorize the Immunization Office to obtain verification of my immunization/disease history by consultation with my past medical or immunization record keepers whom I authorize to release such information by signature below.

Falsifying Information is a Violation of Institutional Policy.

Student Signature

Date

You will receive an e-mail message from the immunization office within three weeks verifying your compliance status. If you have not received confirmation of your information within three weeks, please correspond to the Immunization Office via e-mail, indicating that you have not yet been informed of your compliance status (mscd-vaccine@mscd.edu).

The Health Center at Auraria participates in the Vaccines for Children (VFC), Federal 317 and Colorado Immunization Information System (CIIS). CIIS is a State Immunization data base which sustains historical shot records and limits the need for re-vaccination in the future. If you are opposed to recording of your immunization records, please tell a staff member.
